REMINDER

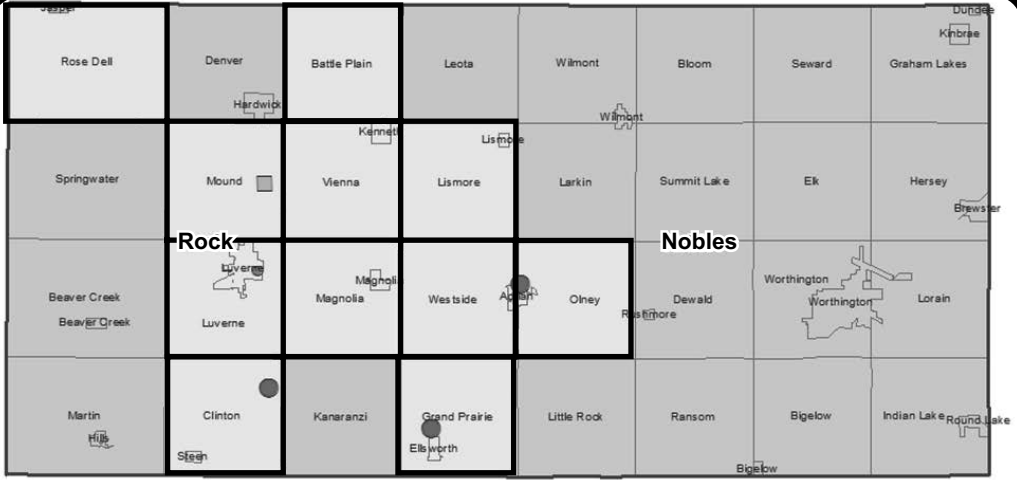

Do you know if you have nitrate in your drinking water? You can find out! Just collect a water sample from your well, fill in the well survey, and return with your water sample. Sample kits will be sent out in the mail for your convenience.

The Minnesota Department of Agriculture designed this nitrate testing project to look at the private well nitrate levels in your township. Wells in your township may be at risk to nitrate contamination due to the geology and soil type your area. Nitrate is one of the most common groundwater contaminants found in rural areas. Infants that drink water that is high in nitrate may develop Blue Baby Syndrome (Methemoglobinemia), which can be fatal.

Please consider participating. The more wells we test, the better we will understand nitrate levels in your township. Private well testing is part of the Minnesota Nitrogen Fertilizer Management Plan, a statewide strategy to address high levels of nitrate in groundwater. The Minnesota Department of Agriculture will focus future work in townships where results show that a significant number of wells contain nitrate above or near the drinking water standard of 10 mg/L (or ppm).

VIETNAM VETERAN'S DAY, MARCH 29

Dear Vietnam Veteran,

I know I should have written much sooner. I can't say why I did not. Out of fear of admitting to myself you were there fighting a war. Or maybe ashamed; ashamed that I never accepted the things you felt you had to do. Whatever it is, I know it must hurt. Believe me when I say it hurts me more. I have the burden of your hurt plus that of my own; the pain of not being able to show my true feeling toward you. I am not writing this for the months you served in Vietnam, but for the many years, you were left alone with only your brother Veterans. You served proudly and it went unmentioned. For a long time, I've wanted to express the words. The words an honorable Veteran needs to hear. For a long time, I've wanted to hold you during your times of pain. God knows I wanted to; He only knows why I never found the courage. I do not remember what I used to say; maybe I do not want to remember. All I know is I hope that it is not too late to give you those things now. For years, you tried to be part of my world. Doing everything to please me, just to be noticed and given a little time and understanding. I look back and see the demands I placed on your shoulders when you were young. "Fight your weakness, and always show strength to others around you." Who was I to make such a demand? I sit here with tears in my heart, finally admitting to myself the one weakness you must have seen in me and never questioned. My inability to say the words that I know would have meant so much to you. "Welcome Home." You served your country honorably. Please hear these words now, from my heart. Please give me a chance to be part of your world now. The world I should have been part of long ago.

*Love,
 America*

**ATTENTION TAXPAYERS:
NOTICE OF
PROPERTY TAX INCREASE
OF \$31,000**

THE GOVERNING BOARD OF Valley Springs Township do state that the above said board is unable to operate under the tax limitation measure currently in statute. We therefore OPT OUT of such tax limitation in the amount of \$31,000 starting with calendar year 2016 taxes payable in the calendar year 2017. This opt out will be for 7 years, which will be through taxes payable in the calendar year 2024. This action has been taken by the board and approved by at least a two-thirds vote of the board.

This decision may be referred to a vote of the people upon a petition signed by at least five percent of the registered voters in the district and filed with the governing body within twenty days of the first publication of this decision.

Unless this action is referred to a vote of the people and reversed by such vote, this resolution authorizes the county auditor to spread an excess levy to raise tax dollars in the above stated amount.

Packing and moving out can be a monumental task, especially after 23 years of being in one building. This is what the Council for Arts and Humanities in Rock County (CAHRC) faced in February and accomplished when it had to move out of the Carnegie. It would not have happened without a LOT of help in both areas. We wish to thank the members of the Rock County Fine Arts Association (RCFAA), The Blue Mound Woodcarvers, along with family and friends for their assistance in closing out the Gift Gallery and packing up in preparation for the move. More thanks is extended to those who helped to coordinate and perform the move; city employees, county employees, Schomackers Cleaning, Peer Helpers, Independent Studies Students, along with members of CAHRC, RCFAA, The Blue Mound Woodcarvers, and Green Earth Players. There were many people involved with this transition, so one more BIG thank you to anyone and everyone who helped us.

Thank you all for showing me care and concern following my car accident. I don't know who you are, but Thank you to the woman that came upon me, and called 911. Thank you to the man that came down the ditch and kept encouraging me until the Sheriff's department came and the 3 of you were able to help me out of the car. Thank you to the Ambulance staff, and the Sanford ER and Medical Staff. This once again confirms how I feel about the 'small town atmosphere'. Awesome! Besides all of you that I mentioned, thank you for all the cards, calls, emails, texts. I also believe that I had 3 guardian angels with me that morning. Again, thank all of you, and Thank you God!
