The home needs a substantial amount of interior updating and remodeling. There is an owned 500 gal LP tank which will pass with the property. Other improvements include an unattached oversized Dbl. garage w/red & white colored steel exterior, 2 OH Doors & elec. openers and concrete floor; 40'x100' metal machine shed w/2 sets of sliding doors, wdn barn and some other small outbuildings. There is a spacious area north of the farmstead that has been utilized as hayland & pasture that provides adequate area and space for a few head of livestock. This property has established tree groves on the E&W of the acreage, with other trees, shrubs, lawn and landscaping around the house, as well as a gravel driveway and other site improvements. This acreage is situated in a pleasant country setting and must be seen to be fully appreciated. If you are in the market for rural acreage that has potential to meet the present and future needs of a wide variety of buyers, with room for a few head of livestock and/or a few acres of crop or hayland, then make plans to inspect this acreage prior to the auction and be in attendance at this auction! To inspect the property contact the auctioneers for an appointment.
