CREATIVE recycling Paper-Mache

Cut the paper 3" x 3" or them in strips

Make the paste. Take one part flour to two parts water. Mix the flour and water together until you have a consistency that is a bit runny. Mix well to get out all of the lumps. Add a few tablespoons of salt to help prevent mold. You may consider adding a little bit of cinnamon to your paste to make it smell better.

Dip the paper into the prepared paste. Place the paper over the paste bowl and squeeze out the excess paste. Stick the paper square over the form you want and smooth it over with your fingers. Cover the form you wish to use in at least 2 layers of paper.

Let the form dry completely. Anywhere between 12-24 hours for it to dry completely.

TOGETHER. FORWARD.

Thank you to everyone who came to our final worship service. What a tribute to our little church to have both the upstairs and downstairs full of people - over 285 in all! We were so fortunate to have Bishop Jon Anderson and five former Pastors worship with us, share our meal and reminisce. The picture (by a drone) of all of us coming out of the church after the service will be treasured. It was an emotional day for us but our spirits were lifted as we heard the beautiful blending of our voices singing together. Thank you for helping to make our last service so special.
