### New season

The 2015 Fall sports season officially gets under on Saturday with four of the 10 programs from the Star Herald coverage are seeing their first action of the year. The Luverne Cardinal tennis team hosts a triangular Saturday night, while the Hills-Beaver Creek football team plays a road game the same evening. Take a closer look at all of the area fall sports teams by getting a copy of next week's Star Herald, which will include a copy of the 2015 Fall Sports Preview.

The Total Systems Approach For Your Crop Management Program

Have you ever thought about a career  
in early childhood?  
Does the idea of providing education and care for  
children in a family environment appeal to you?  
There is great need for quality, professional child care  
providers, especially those who are interested  
in working with infants.  
For information about the family child care licensing process,  
please contact:  
Southwest Health and Human Services  
507-283-5070  
For other questions about the need  
for quality child care contact:  
Region 8 Child Care Aware/SMOC  
800-658-2444 or email kdeboer@smoc.us  
By giving children the care they need  
early in life, you play a role in their  
future success. The need for child  
care is growing. There is no more  
important work anyone can do.

**Switching Water  
Disinfection Systems**

Rock County Rural Water District will be switching the system  
for water disinfection from free chlorine to chloramines  
during the month of September. Customers who have home  
aquariums and customers who are on kidney dialysis will need  
to take special precautions.

**Precautions for Home Aquariums** - Chloramines are toxic to  
fish, so special chemicals will need to be added to the water  
before the water is added to the aquarium. Your pet store can  
provide details on the chemicals that should be used.

**Precautions for Dialysis Patients** - Water disinfected with  
chloramines should not be used for dialysis treatments  
without special filters to remove the chloramines. Please  
speak to your doctor if you have questions about your  
treatment. Water treated with chloramines is safe for drinking,  
bathing and other household uses.

If you have questions about the change to  
our disinfection system,  
you can contact our office at 283-8886.
