**CREATIVE recycling Paper-Mache**  
Cut the paper 3" x 3" or them in strips  
Make the paste. Take one part flour to two parts water. Mix the flour and water together until you have a consistency that is a bit runny. Mix well to get out all of the lumps. Add a few tablespoons of salt to help prevent mould. You may consider adding a little bit of cinnamon to your paste to make it smell better.

Dip the paper into the prepared paste. Place the paper over the paste bowl and squeeze out the excess paste. Stick the paper square over the form you want and smooth it over with your fingers. Cover the form you wish to use in at least 2 layers of paper.

Let the form dry completely. Anywhere between 12-24 hours for it to dry completely.

Decorate and you are finished. Make pinatas, masks, decorations, ornaments, etc..
