## Remember as we celebrate this Christmas...

Having a joyous, happy Christmas isn't always possible. With the death of a loved one, holidays are particularly stressful. The social role of the loved one will need to be filled by someone else or altered significantly because that person will no longer be sharing in the holiday experiences with family and friends. For families dealing with such a loss, there will be difficult days coping with their feelings about the holiday season. Such families may fear the pain of the actual holiday, they may wish to avoid the whole season, they may feel pressure wondering what their friends expect of them and what traditions they should now follow or change.

The names below are the loved ones of families served by our funeral home during this past year. With Christmas upon us, these families need a gift of love from you. Maybe the best gift you could give them is a few moments of your time to show them your concern for them and their loss during this time.
