Community Ed

New residents — census information needed for preschool children: If you are new to the community, please call Community Education at 283-4724 with your family information for all children ages 0 up to kindergarten. The school district uses the information for planning purposes, mailing out flyers regarding school events, including the state-mandated preschool screening for all 3-year-old children living in Minnesota. If your child is 4 years old and has not been screened, please call 283-4724. The screening should be completed prior to kindergarten.

Nature Explore Outdoor Classroom: Families, daycares, and visitors are invited to play and learn in the Outdoor Classroom located on the southwest side of the Luverne school. This classroom is designed for preschoolers to learn by discovery and exploration. Enter under the arch on the path of engraved pavers. Additional pavers will be added each spring. For ordering information, call 283-4724. Times can be reserved for field trips to the classroom also.

Preschool Classes for ages 3 - 5 Years: Half day Preschool classes are offered during the school year for children who are 3 years of age up to kindergarten age. Enrollments are accepted throughout the school year. Age is determined as of Sept. 1 of present school year. Free or reduced rates are available if income guidelines are met. Call 283-4724 for more information.

ComEd seeks class ideas and instructors: Luverne Community Education prints a brochure of activities and classes three times each year. They are mailed out as an insert to the Luverne Announcer in September, January, and May. Do you have suggestions for new classes? What do you want to learn how to do? What topics would you like to learn more about? Do you know of someone who would be willing to share their knowledge or craft with others? Suggestions are always welcome. Contact Community Education at 283-4724.

CREATIVE recycling Paper-Mache

Cut the paper 3" x 3" or them in strips

Make the paste. Take one part flour to two parts water. Mix the flour and water together until you have a consistency that is a bit runny. Mix well to get out all of the lumps. Add a few tablespoons of salt to help prevent mould. You may consider adding a little bit of cinnamon to your paste to make it smell better.

Dip the paper into the prepared paste. Place the paper over the paste bowl and squeeze out the excess paste. Stick the paper square over the form you want and smooth it over with your fingers. Cover the form you wish to use in at least 2 layers of paper.

Let the form dry completely. Anywhere between 12-24 hours for it to dry completely.

Decorate and you are finished. Make pinatas, masks, decorations, ornaments, etc..
